

Independent CDN cost reference: per-GB pricing across Akamai, Cloudflare, Fastly and challengers. Operated by Digital Signet (UK).

Who reads it

The audience searches Akamai pricing per GB - people holding or negotiating a CDN bill. A challenger CDN wants to be standing next to that math when it happens.

- A single disclosed strip across the reference - never inside the results, no other advertising on the site.
- Sponsorship has no influence on pricing data, rankings or conclusions; competitors remain in the coverage, computed identically.
- Monthly measured report: placement impressions, clicks, page-level traffic and AI-citation monitoring.
- Current rate and terms: cdncost.com/sponsorship.

Precedent

- Category-exclusive founding sponsorship is live on our sister site siemcostcalculator.com (Cribl, signed 4 August 2026, reporting monthly). The same structure is available here.
